Stories of Transformative Leadership in the Human Services

Why the Glass Is Always Full

Steve Burghardt and Willie Tolliver

City University of New York (CUNY)—Hunter College and Partners in the Leadership Transformation Group, LLC

"A must read for directors, executives, funders, and board members! Given today's economic climate, there may not be funds for the hiring of consultants. Read Stories of Transformative Leadership in the Human Services and engage as an organizational team in their activities instead. You, your staff and the culture of the organization will be transformed. As Ghandi said, 'Be the change you want to see.' The paradigm that Burghardt and Tolliver introduce will have you do just that."

—Claudette C'Faison, *Cofounder and President of NY Youth at Risk, Inc.*

Certain to excite and inspire both students entering the human services field and seasoned non-profit professionals, **Stories of Transformative Leadership in the Human Services: Why the Glass Is Always Full** is the first full-length leadership book to focus on the unique challenges of the public and non-profit executive, manager, and educator. Written in a lively story-telling style, the book develops a leadership model for those who inspire without bonuses and seek a powerful legacy through people's lives.

Authors Steve Burghardt and Willie Tolliver convey the stories of two social service agencies struggling to survive in a world of shrinking budgets, increasing needs, and lack of resources. While both agencies are run by hard-working managers, one is in constant crisis mode (racial tensions that simmer and boil over; professionals who end up exhausted and overeating after a crisis-filled day . . . every day), while the other, operating with no greater resources, lacks tension and turmoil as its managers respond to similar demands and client needs. Using real-life vignettes drawn from actual experiences, the stories distill important lessons and unfold in a powerful manner that will resonate with any professional asked to work harder . . . with a smaller budget. Questions woven through each story connect to the book's more theoretical material on leadership, personal mastery, and community-building.
